For superior waterproofing results on decks or patios over living space, professional builders rely on the professional waterproofing experts of Duradek.

Scott's Own Vacation House Special 4-part Series - Episode 4

Scott was renovating his own boat house with a roof deck. He knew exactly what product to use. Duradek Dealer, One Stop H2O Solutions, made sure Scott's boathouse deck was made for leisure - with no need for waterproof maintenance with Duradek.

Worst to First

S2-E9 - Jodene and Greg
Duradek was installed to protect the garage below this covered roof deck, and Durarail topless glass railings refreshed the curb appeal of this home while completing the outdoor living space.

Income Property

S8-E8 - Nick and Karen
A leak from the flagstone porch caused major hidden water damage and risked the success of the project until they installed Tiledek to provide the roof grade waterproofing to protect the living space below.

The Builder Boss

S1-E6 - The Bunker
'The Bunker' was a unique project involving building a subterranean room below a tiled patio area. Tiledek was the perfect solution to provide waterproof protection and best surface to adhere the tiles. See also, S1-E7 - Porch and Garden

Holmes on Homes

Episode 7081 - Rocky Reno
This project required a deck renovation which included new railings and reliable waterproofing to keep the entry way below dry. Duradek and Durarail were the ideal solution.
