

CONTRACTOR CHECKLIST

SUNDECKS | ROOF DECKS | BALCONIES | PATIOS | STAIRS | POOL DECKS | WALKWAYS

Selecting Your Deck Expert

For over 45 years Duradek has been waterproofing decks, patios and flat roof decks.

With this experience, we know that no matter how great a vinyl waterproofing product is, if it is not professionally installed with consideration of the intricate details involved in waterproofing, it is very difficult to guarantee performance.

That is why Duradek™ vinyl membranes are installed only by trained and authorized applicators who have completed Duradek's hands-on training program.

Important Things To Consider When Choosing a Contractor:

Duradek™ Others

- How long has the vinyl Applicator/Contractor been in the decking business?
- Have they been trained by the manufacturer?
For Vinyl Installation?
Building Code Requirements?
Waterproofing Practices?
- Are they a member of the Better Business Bureau?
- Do they have liability insurance and Workers Compensation?
- Have you checked their references?
- Have you checked some of their recent jobs?
- Are they prompt and reliable?
- Did they present a thorough written estimate?
- Do they offer a separate Workmanship warranty?
- Can they install both your deck waterproofing and your railings, and do necessary rot repair or carpentry?

Other Considerations:

- Manufacturer's History
Duradek Ultra 60 mil vinyl has been produced by the same manufacturer for over 4 decades.
- Manufacturer's Location
Duradek Ultra 60 mil vinyl is manufactured in North America.
- Manufacturer's Warranty
Duradek Ultra 60 mil vinyl comes with a 15 year waterproofing [warranty](#).
Duradek Ultra 60 mil vinyl comes with a 5 year appearance [warranty](#).

Additional Notes:

While it is common for a contractor to ask for a deposit on the job, ensure you receive a receipt for it. Do not pay in full for the job until you are completely satisfied.
