

ADJUSTABLE STAIR RAILINGS

SUNDECKS | ROOF DECKS | BALCONIES | PATIOS | STAIRS | POOL DECKS | WALKWAYS

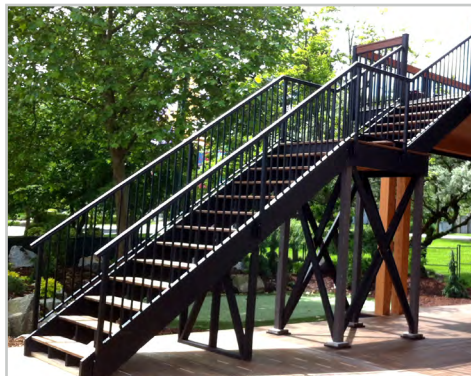

Life just got easier for installing stair railings.

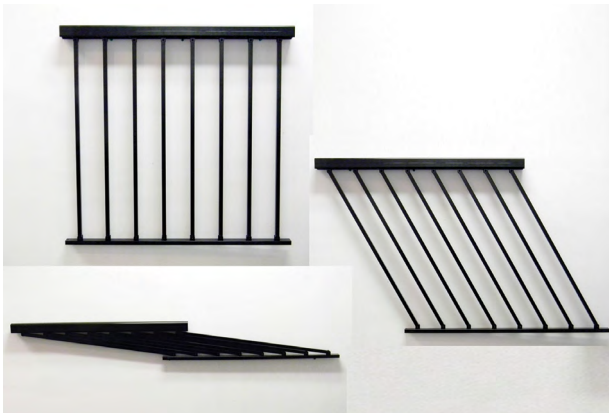

An innovative adjustable stair railing system that provides quality, convenience and easy installation. Collapsible, pre-assembled panels mean no need to install individual pickets on site.

Your projects receive the highest quality railings from Durarail

- **Length options:** Adjustable picket sections are available in 6', 8' or 10' lengths. Adjustable stair mid post available for long runs.
- **Height options:** Standard heights are 36" or 42" with 5/8" pickets.
- **Made to last:** Reliable and low maintenance guardrails that will never rust, flake or peel.
- **Innovative design:** Adjusts from a 0° angle up to an 80° angle in either direction (stairs are typically no more than 41°). Changes angles smoothly and does not rattle.
- **3 top rail profiles:** Round, Square, and Heritage.
- **Mounting Style:** Top and Bottom adjustable wall mounts can be used up and down for stairs OR side to side for custom angles on decks.

ADJUSTABLE STAIR RAILINGS

Reliable and low maintenance exterior stair guardrails that will never rust, flake or peel.

Easy to ship, stock and store, the adjustable stair railing is ideal for:

- Stairs
- Sloped Decks
- Ramps
