

PUP POST + KNOTWOOD KIT SYSTEM

SUNDECKS | ROOF DECKS | BALCONIES | PATIOS | STAIRS | POOL DECKS | WALKWAYS

PUP Post + Knotwood Kit System for Innovative Convenience

PUP Post allows for design flexibility, while Knotwood provides the natural beauty and timeless appeal of wood panels, without the on-going maintenance.

PUP post + Knotwood Kit system for beautiful private outdoor spaces and ordering simplicity

- **Real wood look:** Enjoy the look of real wood with the advantages of aluminum.
- **Powder Coated with no VOC's:** Durable, beautiful wood grain powder coated finish.
- **Low maintenance:** No sanding or staining will EVER be required on these beautiful spaces.
- **Versatile design:** With *PUP Post*, choose the spacing, height, and angle of slats to create a unique screen.
- **Style flexibility:** *PUP Post* is a versatile system that accepts a combination of wood grain aluminum planks while accomodating curves.
- **Easy installation:** Simple and clean installation with consealed fasteners to hide rivits and screws.
- **Made to last:** 20 year structural warranty and 10 year limited powder coating warranty.
- **Ordering simplicity:** No need to list out individual parts - we only require project dimensions to supply you with all you need.
